Career Objective

A self-motivated and passionate Web Developer seeking an internship opportunity to apply and enhance my skills in Django, JavaScript, and frontend development. I aim to contribute to a dynamic development team by building responsive and scalable web applications while learning and growing in a real-world environment.

Technical Skills

- **Languages & Frameworks:** Python, Django, Django REST API, JavaScript
- **Frontend:** HTML5, CSS3, Bootstrap
- **Database:** MySQL
- **Tools & Services:** GitHub, Razorpay (basic), Render (basic)
- **Soft Skills:** Problem-solving, Communication, Teamwork
- **Languages:** English, Hindi, Bengali

Projects

https://github.com/puja138/gym_website.git

Gym Website

- ♦ **Gym Membership Website** *July 2025* A Django-based web application for managing gym memberships, payments, and plans. Features include Razorpay integration, Jazzmin admin panel, MySQL DB, CKEditor support, and plan/order search.

Education

Bachelor of Arts (B.A.)

Acharya Brojendra Nath Seal College

- Completed graduation with focus on humanities
- Actively upskilled in web development (Django, Python, JavaScript) during academic years
